CIRCLE YOUR ANSWERS

Section A:  Measured Walk

A1.  Was measured walk test attempted?
    No ................................................................. 1
    Yes ............................................................... 2  Go to A2

    a.  If no, was it due to:
    
    Physical Impairment ......................................... 1  Go to Section B
    Cognitive Impairment ....................................... 2  Go to Section B
    Other Reason .................................................. 3

    Specify: _____________________________  Go to Section B

A2.  Does the participant use an assistive device for walking?
    No ............................................................... 1  Go to A3
    Yes ............................................................ 2

    a.  What type of device?
    
    Standard cane ................................................ 1
    Quad cane ..................................................... 2
    Walker .......................................................... 3
    Wheelchair ..................................................... 4
    White cane ..................................................... 5
    Crutches (1 or 2) ............................................. 6
    Other ............................................................ 7

    Specify: _____________________________

A3.  Does the participant use a lower extremity orthosis (plastic or metal leg brace at or above the ankle)?
    No ............................................................... 1
    Yes .............................................................. 2
A4. Is the participant missing any limbs?

<table>
<thead>
<tr>
<th></th>
<th>No</th>
<th>Yes</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>1</td>
<td>2</td>
</tr>
</tbody>
</table>

Which limb(s)?

<table>
<thead>
<tr>
<th></th>
<th>No</th>
<th>Yes</th>
</tr>

MEASURED WALK ATTEMPT #1:

**PROMPT:** Read to Participant:

In this test, I would like you to walk at your usual pace from this line to the line at the end of the hall. Do you think you could do that? Good. Can you see the tape? Good. Let me demonstrate what I want you to do. (DEMONSTRATE.)

To do this test, place your feet with your toes behind, but touching, the line where we start. I will time you. When I say “**Ready, go!**” walk at your usual pace to the line at the end of the hall. I will walk with you.

WHEN THE PARTICIPANT IS PROPERLY AT THE LINE, SAY “**Ready, go!**” AND BEGIN TIMING.
A7. Did the participant complete the measured walk?

No .......................................................... 1
Yes .......................................................... 2  Go to A7.b
Attempted, but unable physically ........... 3  Go to A10

a. If no, was it due to:

Cognitive impairment ......................... 1  Go to A10
Other reason ............................................ 2

Specify: ________________________________ Go to A10

b. Did the participant use an assistive device on walk?

No ............................................................ 1
Yes ........................................................... 2

A8. What length course did the participant walk?

3 meters .................................................... 1
4 meters .................................................... 2

A9. Time in seconds to walk course: ___ ___ · ___ ___ seconds

MEASURED WALK ATTEMPT #2:

PROMPT: READ TO PARTICIPANT:

Now, I’d like you to try this test a second time. When I say “Ready, go!” walk at your usual pace to the line at the end of the hall. I will walk with you.

WHEN THE PARTICIPANT IS PROPERLY AT THE LINE, SAY “Ready, go!” AND BEGIN TIMING.

A10. Did the participant complete the measured walk?

No .......................................................... 1
Yes .......................................................... 2  Go to A10.b
Attempted, but unable physically ........... 3  Go to Section B

a. If no, was it due to:

Cognitive impairment ......................... 1  Go to Section B
Other reason ............................................ 2

Specify: ________________________________ Go to Section B
b. Did the participant use an assistive device on walk?

No ............................................................ 1
Yes ........................................................... 2

A11. What length course did the participant walk?

3 meters .................................................... 1
4 meters .................................................... 2

A12. Time in seconds to walk course: ___ ___ . ___ ___ seconds

_________________________________________________________________

Section B: Grip Strength

B1. Did participant attempt to perform grip strength assessment?

No ............................................................ 1
Yes ........................................................... 2 Go to B2

a. If no, was it due to:

Physical impairment .................................. 1 Go to B9
Cognitive impairment .............................. 2 Go to B9
Other reason ............................................ 3

Specify: ___________________________ Go to B9

B2. Can the participant lift his arms to the table independently?

a. Left arm?

No ............................................................ 1
Yes ........................................................... 2

b. Right arm?

No ............................................................ 1
Yes ........................................................... 2

PROMPT: READ TO PARTICIPANT:

In this exercise, I am going to use this instrument to measure the strength in your hands.
B3. Have you had a recent worsening of pain in your wrists?

No ............................................................ 1 Go to B4
Yes ........................................................... 2

a. Do you think you could safely squeeze this as hard as you can?

No ............................................................ 1 Go to B5
Yes ........................................................... 2

B4. Have you had any surgery on your hands or arms during the last 13 weeks?

No ............................................................ 1 Go to B5
Yes ........................................................... 2

PROMPT: READ TO PARTICIPANT:

I’d like you to take your dominant arm, place your forearm on the table, and grab the two pieces of metal together like this. (EXAMINER SHOULD DEMONSTRATE AT THIS POINT.) When I say “squeeze,” squeeze as hard as you can. The two pieces of metal will not move but I will be able to read the force of your grip on the dial. I will ask you to do this three times. If you feel any pain or discomfort, tell me and we will stop.

(DEMONSTRATE TO PARTICIPANT.)

Now you should place your arm on the table at right angles to your body. Grip the two pieces of metal with your dominant hand. Your wrist should be straight. Ready? Go! (BE SURE TO COACH: “Squeeze, squeeze, squeeze!” ALSO BE SURE TO TELL THE PARTICIPANT WHEN TO “Stop!”) DO DOMINANT HAND ONLY.

B5. Was grip strength test done?

No ............................................................ 1 Go to B5.b
Yes ........................................................... 2 Go to B9
Attempted, but unable physically ............ 2

a. If no, was it due to:

Cognitive impairment .............................. 1 Go to B9
Other reason ............................................ 2

Specify: ___________________________ Go to B9

b. Which hand was tested (dominant hand)?

Left ........................................................... 1
Right ........................................................... 2
B6. First try: ___ ___ KG
B7. Second try: ___ ___ KG
B8. Third try: ___ ___ KG
B9. Time ended: ___ ___:___ ___ AM 1
             ___ ___:___ ___ PM 2
